## **DIAT Wi-Fi NETWORK USAGE POLICY**

### **Introduction:**

All the DIAT faculties and students are hereby informed that our institute has provided Wi-Fi facility to DIAT users (faculty / students / guests). DIAT has implemented campus-wide Wi-Fi/wireless network in DIAT Technical area (Main building, CE Building, Library, Points Building etc.), Points Hostel and DIAT Guest House in order to assist research and work while on DIAT's premises. This service is known as DIAT Wi-Fi Network Facility.

### **General Instructions:**

The DIAT Wi-Fi connectivity registration form can be downloaded from [www.diat.ac.in](http://www.diat.ac.in) and each user has to register by submitting the filled up Wi-Fi registration form to Mr. Sanket, System Administrator, Datacenter (Ext. 4276) Time: 2.30p.m.- 4.30 p.m. only. Data filled by the user will be verified by datacenter members.

User need to bring his laptop personally to the datacenter to activate the Wi-Fi on laptop. No user ID and Password will be given separately to any user. User can use Wi-Fi only on his registered laptop.

If there is any change in his laptop's hardware/ reinstallation of OS etc., it deactivates Wi-Fi access automatically. Hence in such cases, user needs to re-register.

### **Instructions to DIAT Faculty/Officers:**

The default SSID/wireless networks for DIAT Faculty/Officers is DIAT\_WLAN.

### **Instructions to DIAT M.Tech. and PhD Students:**

The default SSID/wireless networks for DIAT M.Tech./PhD/Any other short term courses Students is DIAT\_STUDENT.

Student need to re-register at the start of an every academic year.

### **Instructions to DIAT Guest Users:**

DIAT guest users need to submit filled registration form to the datacenter. (Signature of corresponding DIAT's departmental authority is required on the form stating period for which the guest is going to use DIAT Wi-Fi).

Datacenter will give an access code to access DIAT's wireless internet service immediately. The code will have validity for the mentioned period.

To get set up, guests need to follow these simple steps:

1. Confirm that wireless card of your laptop is enabled
2. View available wireless networks and connect to default SSID/wireless networks "DIAT\_GUEST"
3. Launch your internet browser—a login portal will appear
4. Enter the access code provided by datacenter

Once logged on, you will have internet access for given period.

**Policy and Norms for DIAT Wi-Fi Usage:**

1. Access to Wi-Fi connectivity is permitted to only for legalized activities. Anyone found using the facility for anti-social and anti-national activities has to face legal action as per law.
2. Single user will have single connectivity, i.e. each user has to use Wi-Fi facility on only one registered Laptop.
3. In case of Desktop, if wired connection is not available at user's location then only Wi-Fi connection will be given on his Desktop system.
4. Users are forbidden to send unsolicited mail, Spam mail and virus on the network.
5. Access to anti-national and pornographic sites, and chat servers / newsgroups related to these is strictly forbidden. Users violating these norms will lose their right to access internet from the DIAT Campus and disciplinary action will be initiated, against them.
6. Any user found misusing the facility, like bringing their friends / outsiders, etc, will lose their right to access the Internet/Wi-Fi facility.
7. Institute will not be liable for any damages arising from the use of this facility. Users have to make their own arrangements for the Security of their systems.
8. User should maintain his system on this network with updated Antivirus software, and should attempt to keep his system free from viruses, worms, trojans, and other similar programs.
9. The Wi-Fi network service is provided by DIAT (DU) and is completely at its discretion. User access to the network may be blocked, suspended, or terminated at any time for any reason.

10. Users should agree not to use the Wi-Fi network for any purpose that is unlawful or otherwise prohibited and user is fully responsible for his use.
11. DIAT reserves the right to terminate any wireless session that is restricting other users' access by consuming most or all of the available bandwidth.
12. User will not add his own Wireless Access Points/Wireless Routers in our coverage area. The system is capable of detecting such rouge APs and Users violating this norm will lose their right to access internet from the DIAT Campus and disciplinary action will be initiated, against them.
13. The norms/policy may change as and when it is considered appropriate and new policies or the changes in policy will take effect immediately after a brief communication.
